Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students may request up to a maximum of 24 Transfer credit hours from prior graduate work. These credits are individually reviewed to meet equivalency and content overlap. The time to completion is typically not reduced due to other program requirements and structure, but some transfer credits may impact the possibility to take a lighter load some terms and reduce overall program costs.
